HARMONY WITH A BIG H.

Marked the Republican County Convention Tuesday.

REEDER RE-ELECTED CHAIRMAN

Eli Townsend and T. H. Harter Chosen Delegates to the State Convention—John D. Decker Named for Jury Commissioner.

JUDGE LOVE AND OTHERS SPEAK

The Republican County Convention assembled in the Court House at eleven o'clock Tuesday morning every precinct in the county being represented. The proceedings did not partake of the excitement which has characterized many former convention, every thing passing off with a spirit of harmony that was really refreshing; factional discord was not in evidence, a beautiful and commendable spirit of brotherly love prevailing.

County Chairman W. F. Reeder called the Convention to order. Harry Keller read the call after which Wilson I. Fleming nominated Jno. M. Dale Esq., as chairman of the convention and he was unanimously elected. Mr. Dale acknowledged the compliment in a graceful little speech. Harry Keller then proceeded to call the roll of delegates.

J. B. Strohm of Potter Twp. and H. S. Stewart of Rush Twp. were elected secretaries. Harry Keller was unanimously chosen as reading clerk.

The chairman appointed the following committee on Resolutions: W. I. Fleming, C. T. Fryberger, J. P. Jackson, M. S. Betts and Harry Gross.

John D. Decker of Potter Township, was unanimously nominated for Jury Commissioner; Eli Townsend, of Philipsburg, and T. H. Harter, of Bellefonte were elected delegates to the State Convention to be held in Harrisburg May 27. W. F. Reeder was unanimously elected chairman of the County Committee for 1904.

W. I. Fleming read the report of the committee on rules for the future government of the Republican party of Centre county (They will be published in our edition of tomorrow) The rules were unanimously adopted, and ordered to be printed in pamphlet form. The following Resolutions were adopted with great enthusiasm.

Resolved by the Republicans of Centre county in convention assembled:

FIRST. That we most heartily endorse the National Administration and most earnestly commend the wisdom, ability and thorough patriotism of President Roosevelt in carrying out the policies of his predecessor, the lamented William McKinley, which have bestowed upon the country an era of unexampled prosperity and have benefitted all classes, but more especially the wage earners and have given a high degree of prestige to this country among the great nations of the earth.

SECOND. That the successful administration of President Theodore Roosevelt merits and demands at the hands of the great Republican party of the nation not only his renomination but his triumphant election to the Presidency in 1904 and to that end we pledge the united support of the Republicans of Centre county.

THIRD. That we heartily endorse the action of our United States Senators and Representatives in Congress for the able and efficient manner in which they have looked after and cared for the interests of our great Commonwealth.

FOURTH. That the State Administration merits our warm approval as we have seen our benevolent, charitable and philanthropic institutions generously cared for and the best interests of the State as well taken care of. The Governor of the Commonwealth is to be commended upon the care he has given the legislation and the wise discrimination he has shown in the exercise of the veto power in relation thereto. He and the Legislature are to be especially commended for the passage of the "Good Roads" bill which is a new stride in the direction of advancement and which will inure to the benefit of the State at large and work great improvement throughout the length and breadth thereof.

FIFTH. That we most heartily endorse and commend the course of our State Senator, Hon. A. E. Patton, for the able and efficient manner in which he looked after and cared for the varied interests of his constituents.

SIXTH. That we pledge ourselves to support the Republican County ticket this day nominated and also the Republican State ticket to be nominated by the Republican State convention on the 27th prox. and to use our best endeavors to secure their election by the most decisive majority.

Hon. Jno. G. Love being present made an address congratulating the Convention upon the work accomplished, especially the adoption of the rules which in the future will save much confusion and misunderstanding.

Accident on the Central Railroad.

Monday evening while the passenger train on the Central Railroad of Pennsylvania was on its way to Mill Hall from Bellefonte an accident occurred to the engine Ne-ha-sa-ne, east of Hublersburg, which might have proved serious. The train was running at the rate of 45 miles an hour and when it reached the above named place the pin holding the parallel rod to the driving rod on the large driving wheels broke, dropped to the ties and then flew up and smashed into the cabin, where Engineer Gilmore was seated. He soon realized his position and turned off the steam and then jumped back on the tender, without sustaining any injuries. The train came to a standstill when the parallel rods on both sides of the iron horse were removed by the trainmen. They proceeded on their eastbound trip, reaching Mill Hall about one hour late.

OUR TOWN COUNCIL.

Regular Semi-Monthly Meeting Held Monday Night.

THE PRINCIPAL TOPIC DISCUSSED

Was the Water Works As Usual-May Buy Milesburg Water Power —Other Propositions Under Consideration.

BILLS AMOUNTED TO $498.17

The boro council met Monday evening at 7:30 with President Cunningham in the chair and the following members present: Jenkins, Fenlon, Wise, Whittaker, Kirk and Derstine

The minutes of the previous meeting were read by the clerk, Mr. W. T. Kelly and approved. By the way Mr. Kelly receives many compliments from the Councilmen for the excellent manner and completeness with which he reports the minutes of the meetings.

The boiler at the Water works has been inspected by an expert from New York who says it can be operated with safety at a pressure of 100 lbs. to the square inch.

The Street committee reported cleaning and repairing streets. In regard to the wall along Water street the committee asked two weeks more time to receive bids etc.

The Water committee reported repairing various pipes etc.

The Nuisance committee have visited the McBride corner and find it in bad condition. The property owners seem loath to do anything in the matter. They also visited North Thomas street and found it in a bad condition. Sewers are needed very badly on this street. The drain water is allowed to stand in the gutters and there is great danger of it breeding typhoid fever and other diseases.

Professors Lewis E. Reber and J. Price Jackson, of State College, have examined the water power at Col. W. Fred Reynolds mill which the Colonel offers to rent to the boro to operate the Water works. They say it would generate 65 horse power in its present condition and if certain repairs were made it would generate 70 horse power.

Mr. Wise moved seconded by Mr. Whittaker that the property owners on North Thomas street be notified to take care of their waste water and stop running it into the gutters The motion carried.

The proposition of Col. Reynolds was discussed at length. It would be a great saving to the boro if it is practical. Mr. F. W. Crider's offer which was published in the Daily News about two months ago was also taken up. The Spring at McBrides Gap and the Milesburg water power were also under consideration. Dr. Kirk has great confidence in the Milesburg power. His idea would be to place a dynamo at the Milesburg water power run our Water works and perhaps all the other little factories and even an electric light plant. Mr. Fenlon suggested the idea of renting the Milesburg water power for a term of years and if it proved profitable then buy it.

Dr. Kirk moved seconded by Jenkins that the Water Works Improvement Committee be instructed to investigate these different water powers and report at next meeting. It was so ordered.

Two bids for furnishing coal to the Water works were handed in but before Mr. Fenlon could offer them, Mr. Whittaker moved seconded by Mr. Derstine that the purchase of the coal for the Water works be left in the hands of the Water committee. Chairman Fenlon did not want it that way. He was in favor of the bids being considered and passed on by council. The ayes and nays were called for on the Whittaker motion.

Ayes—Derstine, Whittaker, Wise, Cunningham.

Nayes—Jenkins, Fenlon, Kirk. The motion therefore carried.

Mr. Jenkins called up the legality of this action saying that at a recent meeting they had instructed council to procure bids and submit them for approval. Mr. Fenlon offered to submit the bids. Some of the council wanted to hear them while others did not. Considerable sparring took place during which time President Cunningham yielded the chair to Dr. Kirk so that he might speak as a member. The Daily News does not care to be drawn into this controversy but from our point of view it looks as if there would be merry war before the coal question is finally settled.

Mr. Fenlon finally relieved the situation by asking two weeks further time to receive bids promising to telephone all coal dealers and give them proper notice.

Mr. Leitzel of Beaver street asked that Water be extended down Beaver street to his residence. It was referred to Water committee with power to act.

Boro Solicitor Fortney made his report on the Bayard suit which resulted in a verdict in favor of Col. Bayard for full amount. He has moved for a new trial which will be argued the week of June 2nd. Mr. Fortney drew a good lesson from this verdict which he hoped council would profit by. He gave some timely suggestions in regard to wall to be built along Water street. It was discussed at considerable length. It was moved and seconded that the Street committee be instructed to receive bids for the building of this wall by the perch and submit at next meeting.

This ended the business of the evening and after hearing the reading of the bills council adjourned.

The following bills were approved and ordered paid:

Bfte. Gas Co, Steam heat for April	$ 51.80
Police pay roll	52.25
W. T. Kelly, boro clerk for April	12.50
Miss Ida Orris copying ordinances	50
R. B. Taylor coal for Water Works	126.60
A. Allison, pipes for Water Works	44.60
Water Pay Roll	86.88
E. Keeler Co., stack for Water Works	89.00
Street pay roll	34.04
	$498.17

Will the Post Office Go Up Town?

Quite an agitation is now going on as to where the Post Office shall be located for the next five years, and there is almost as much wire pulling in progress as when a new Postmaster is about to be appointed. The lease which the government has on the present room in the Bush Arcade is about to expire and a new lease must be made for a term of five years.

A few weeks ago an inspector was here to look over the ground, see what repairs were necessary to the present room and report back to the department. While here he was waited on by parties desirous of having the Post Office go up town. The advantages of the change from their point of view was explained and several locations were pointed out to the Inspector. F. W. Crider wanted to rent a room in one of his buildings, Col. E. J. Pruner would like to have them take the room in Eagle Block formerly occupied by G. W. Rees as a grocery, and the Brockerhoff estate had the room formerly occupied by V. J. Bauer to offer them. Of course the Bush estate did not fail to show why the present location was most available.

So the matter remained until the past week when it was stirred up again by the circulating of two petitions, one in favor of retaining the office where it is and the other in favor of locating it up town in the Bauer room in the Temple Court.

George T. Bush is circulating the down town petition while Paul Fortney and Vince Bauer are looking after the other one.

As a down town business institution we are naturally in favor of the present location and laying all prejudices aside we can't see where any great advantage is to be gained by the change. The difference in time it would take in delivering the mail from the train to the Post Office would in our opinion make up for the time it takes the carriers to go from the office up town.

This being a free delivery office it does not seem to us that the matter of location enters into the affair at all. We must remember that the interests of our down town business men are entitled to some consideration as well as those up town.

However it is a matter for the Post Office Department to decide, not us, and we are satisfied that they will do what is best for all concerned.

Married.

At the M. E. Parsonage in Howard at 8 o'clock Thursday evening, Miss Bella Beaty, daughter of C. Foster Beaty of Kennedy, and Charles Shultz of Curtin, were united in matrimony by Rev. G. F. Boggs. These popular young people have hosts of friends in their respective communities who wish them unlimited joy in this their latest undertaking.

Demands Big Damages for a Finger.

C. L. Grimm, a commercial traveler, had the little finger of his left hand cut off by a door suddenly closing on it, while standing on the platform of a Pennsylvania passenger coach at Williamsport Wednesday. Mr. Grimm has placed the matter in the hands of a Williamsport attorney who will institute proceedings for $10,000.

NON-UNION MEN MOBBED

Attempt to Run Cars at Bridgeport, Conn., Resulted in a Riot.

THIRTY-TWO MEN WERE INJURED

Police Were Unable to Handle Mob, and Fire Engine Was Called Out to Play Water On Them—Sheriff May Supercede Mayor.

Bridgeport, Conn., May 18.—The attempt made by the officials of the Connecticut Railway and Lighting Company to run their cars with non-union men resulted in a riot, in which 32 men were injured. The sheriff says that another such outbreak will make the calling out of the state troops inevitable. During the morning six trolley cars were started out on the Barnum and State street lines. When the first car had completed its third round trip and was directly in front of the Wheeler & Wilson factory, where a crowd of at least 1,000 persons had gathered, a bombardment of stones began. Deputy Sheriffs Hendrie and Plumb, who were riding on the car, plunged into the crowd to arrest a man whom they had seen throwing a stone. He was seized, and with great difficulty was dragged to the car. The stone-thrower was a big fellow and struggled so fiercely that a policeman who was standing nearby went to the assistance of the sheriffs. Immediately Mayor Mulvihill was seen hurrying through the mob. He rushed up to the policeman and ordered him to keep his hands off the prisoner. He then told the deputy sheriffs that they had better let the man go. During the argument the stone-thrower wrenched himself free and dashed away. In the meantime stones were flying in a shower, and one of them struck Mayor Mulvihill on the head, bruising it badly. The two sheriffs jumped on the car and ordered the motorman to proceed to the car sheds, a quarter of a mile away. The bombardment did not abate, and the crowds on the street were so dense that the motorman had to go slowly. The stone throwing soon became so furious that the sheriffs drew their revolvers and fired five shots into the air. This caused the bombardment to let up a little, and the car reached the barns and was run inside. The other five cars, operated on the same streets, received exactly the same treatment as they followed the first car into the car barns.

When the last car had passed inside the doors there was a crowd of 4,000 people gathered in a vacant lot opposite, and violence once more broke loose. Brickbats stones and everything that could be thrown was hurled at the barns and anything that belonged to the company in the vicinity.

At this point Mayor Mulvihill sent for Chief Coffin, of the fire department. After a short consultation the latter ordered out Engine Company No. 6, with a steamer and a line of hose. Superintendent Birmingham also ordered every available man to the spot to co-operate with the firemen, and soon a stream was being played on the mob, which slowly fell back before the water. One of the strike breakers was assisting the firemen in holding the hose, when a well-directed brick struck him on the head and knocked him to the ground senseless.

In an interview the sheriff said: "I will have no more interference on the part of Mayor Mulvihill. I will have 100 special men here and will do my best to preserve peace, and if the mayor or any one else attempts to interfere he will be stopped. If necessary I will supercede the mayor."

Murder On Railroad Train.

Knoxville, Tenn., May 18.—A special from Harriman, Tenn., tells of a murder committed on a Queen and Crescent passenger train between Cardiff and Harriman. Matthew Swycegood, aged 18 years, was stabbed and instantly killed by Robert Shirks. The two young men were returning to their home at Emory Gap, after attending a carnival at Rockwood. Both were drinking. A misunderstanding arose when the train was near Cardiff and the result was that Swycegood was stabbed in four places. Shirks was arrested.

Cross Fork Quarantined.

The state board of health sent a representative to Cross Fork Thursday to inquire into the smallpox situation at that place, as many cases are supposed to have originated there and afterwards distributed themselves over other sections of the country. The representative found that the reports were not exagerated and that there was great need of stringent measure being used to prevent the spread of the dread disease, not only in that borough, but also in the surrounding communities. Upon careful investigation the representative reached the conclusion that the proper thing to do was to place the entire town under quarantine, which he did. By this action, the danger of the spread of the infectious disease from that place will be largely averted.

The Stork Pays Another Visit.

Despite the hot, dry weather when all are complaining of that "tired feeling". The stork keeps on in the even tenor of its way, and performs its duty. It does not observe times nor seasons all being alike to it. Neither is it a respecter of persons, every class and condition being subject to its welcome visitations. Distance is no barrier for we hear of it one day in the home of a crowned head in some far off Kingdom, the next it will pay a loving visit to "hob nail row" or "Molasses hill."

It has frequently appeared in Bellefonte, the latest visit being to the cosy home of Mr. and Mrs. Will Chambers. Wednesday afternoon at 1 o'clock it landed there and left in the care of that worthy couple a sweet little girl baby, with the injunction that it receive all the love and tender affection they can bestow upon it. This council was superfluous, for we know Mr. and Mrs. Chambers well enough to be certain that no little stranger was ever more welcome and would be better cared for. We will say however, that there will be no occasion for Will to take more than two weeks vacation in order to celebrate, nor need he think that his baby is the "only pebble on the beach." There are others. In the language of the poet, "the woods are full of them."

Odd Fellows Lodge Re-organized.

The Standard Lodge No 3562 Grand United Order of Odd Fellows was re-organized in their hall on the third floor of the Lyon's building Tuesday evening with 22 members. James Shorter and James Summers were the re-organizers. There were 14 candidates initiated at this their first meeting.

The officers elected were as follows:

Noble Chief—James A. Summers.
Vice Grand—John Carter.
Elective Secretary—James Miller.
P. S.—Henry Thomas.
W.—Henry Johnson.
G.—John Fleshman.
P. N. G.—John Mills.
N. F.—James Shorter.
P. N, F.—Edward Overton.
W. T.—George W. Freeman.
W. C.—Rev. T. J. Askew.

The committee extend their thanks to their lady friends who furnished the delightful supper after the exercises were over.

Improvement at the Fair Grounds.

The Centre County Fair Association are making improvements at the Fair Grounds, and this year's fair promises to be greater and better than ever. They are determined for one thing to eliminate the danger from floods as much as possible in the future. To this end they have just completed a stone wall 1200 feet in length and averaging 4 feet high, extending along the bank of the creek on the side towards the P. R. R. track, from the Nail Works bridge to a point about four hundred feet below the Grand stand. They are filling in the ground, leveling it off, and expect to plant a row of willow trees along the whole length of the wall. The track is being put in proper condition and the buildings are being repaired and improvements added.

James Shorter is in charge of the work and has a large gang of men employed all the time. He is doing good work and seems to be the proper man for the place.

Exhausted He Was Left to Die.

William Garrett Wynkoop, who perished while fighting forest fires at Spring Creek, near Hallton, Elk county, met a very sad death, knowing as he did several minutes before the flames overtook him, that he was doomed. He became exhausted while battling with the flames, and bidding his companions, who were fighting with him, to save themselves, he awaited his fate. His comrades were not willing to leave him thus, and assisted him for some time, but at last at the urgent request of Mr. Wynkoop, they were compelled to leave him and flee for their lives. When found, after the fires had spent their fury, a large pool of blood was underneath his head, and a ruptured blood vessel may have cheated the flames. Mr. Wynkoop leaves a wife and three daughters.

Crop Conditions Not Encouraging.

Farmers report that the conditions of the crops are not encouraging. The prospects which a month ago were so encouraging for a fine hay crop have been marred by the continued dry weather. The wheat, too, is being injured by the drought and all farm work is delayed by the dry weather.

The Pennsylvania Climate and Crop Service Bulletin for the week ending May 11th says: Drought conditions and low night temperatures were unfavorable to the advancement of crops, and farm work is practically at a standstill in many sections on account of dry soil. Oat seeding is slowly nearing completion, at a later date than usual; potato planting is well under way, but conditions are not conducive to satisfactory germination; a large acreage remains to be prepared for corn and much of this crop has yet to be planted; wheat, meadows, and rye continue in fair condition and the latter crop is heading in some southern counties, short in straw. Heavy to killing frosts on the 5th and 6th materially injured peaches, cherries and strawberries in many localities.

Keep the Balance Up.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, give it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

TRAVELING IS DANGEROUS,

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure. C. M. New Rifles Next Week.

The new Krag-Jorgenson rifles for the National Guard have arrived at the State Arsenal at Harrisburg and will be distributed some time next week. Guardsmen have been waiting for inmation for some time and the arrival of the guns has been undoubtedly longed for, as the opening of the rifle range and the beginning of practice has been much delayed.

This Will Interest Many.

F. W. Parkhurst, the Boston publisher, says that if anyone afflicted with rheumatism in any form, or neuralgia, will send their address to him at No. 4, Winthrop Building, Boston, Mass., he will direct them to a perfect cure. He has nothing to sell or give; only tells you how he was cured after years of search for relief. Hundreds have tested it with success.

SMALL-POX AT PINE GLENN.

A Real Epidemic in Progress There—About 20 Cases Reported.

The latest small-pox epidemic is reported from Pine Glenn, Burnside township in Centre county, about six miles north of Snow Shoe. The following are the particulars.

Evert Daugherty is a fireman on the N. Y. C. R. R., and was stationed at Jersey Shore, but his home is at Pine Glenn, Pa. He was taken ill about three weeks ago, and soon others were stricken with the same ailment in that community. The local authorities and the attending physicians took action and after pronouncing the disease small-pox, all patients and homes infected were quarantined. At this writing the following places are quarantined at Pine Glenn: A. V. Daugherty, Reuben Etters, Geo. Bowes, Benner Walker, F. T. Hoover and Cowans lumber camp. In some places there are several ill.

Up to this time there have been no deaths as the disease is in a mild form, and the best of medical attention is being given patients.

Wednesday evening a message from Pine Glenn stated that there were no new cases in that section and all were getting along very nicely, many being able to be up and anxious to go out. There are over twenty cases in and about Pine Glenn. The attending physicians are from Karthaus. There are a number of cases across the river at Frenchville, in Clearfield county, where one death has occurred.

A CARD.

The local secretary of the "American Society for the Extension of University Teaching" at Huntingdon writes me, that he has been requested to try to group some of our neighboring towns together for courses of lectures next winter; and asks if anything can be done in Bellefonte and whether we can get the right people to take it up.

I am loath to report that Bellefonte has no use for this sort of thing or that, like solitary drunkards a few of them take private doses.

Huntingdon, Philipsburg and Williamsport have made a success of it for some years past. Could not a few of the lawyers, doctors, editors, teachers, ministers etc, etc., of the town, who would really feel an interest, ask enough of their friends to make up a group for the pleasure of a regular course of study together? The General Secretary Mr. John Nolan a "courteous gentleman" may be addressed at the General Office 111 S 15 St. Phila. for further information.

A Work of Art.

In one of the show windows of F. P. Blair's jewelry store can be seen a large picture, elegantly framed of Hugh Nelson McAllister, father of Mrs. James A. Beaver and Mrs. Thomas R. Hayes. Mr. McAllister was one of our towns earlier residents, and our older citizens, who remember him well say that the picture is a perfect likeness.

It is the work of a firm of artists who have made quite a reputation in Bellefonte. We refer to Antrim & Landsey, of Philadelphia. The firm is represented by M. A. Landsey who has been coming here at intervals for the past year. Besides being an artist of rare ability, Mr. Landsey is a gentleman in every particular whom it is a pleasure to do business with.

Long Walk for An Aged Lady

The Aaronsburg correspondent of the Centre Hall reporter gives an account of a remarkable feat of endurance recently preformed by Mrs. Hafley, whose age is 92 years. The lady walked from the home of one of her sons to that of the other, a distance of eight and three-quarter miles. Mrs. Hafley has no need of glasses, having discarded their use some time ago. Her mental faculties are unimpaired. She has been a life-long resident of Aaronsburg.

DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Parrish's Drug Store.

High School Alumni.

It is desired that the graduates of the High school, who wish to become members of the Alumni Association for the present year, would please hand their dues to Miss Blanche Underwood, treasurer, as soon as possible, in order that the committee in charge of the reception on Tuesday evening, May 26, may have a better idea of the number which may be present and provide for the large crowd expected.

One of John Barleycorn's Victims.

Whilst we condemn drunkenness in no unmeasured terms and deplore the fact, that so many are addicted to the use of alcoholic beverages, we cannot but be amused sometimes at the actions of those who have been in the society of John Barleycorn.

A funny occurence took place in Bellefonte last evening, which caused considerable excitement and some little amusement.

A young man hailing from a neighboring Borough came to town to see the sights and have a good time. He patronized several of the bars quite liberally and before he knew it, was about "three sheets to the wind" he wandered around until in front of Sheffers grocery store, he saw a horse and buggy, and without any consideration as to the ownership started off with it. The horse belonged to Mr. Ethan Tierney, who resides this side of Jacksonville, and having more sense than the drunken driver, took the road for home, reaching there safely, but in making the last turn to get to the stable, struck a fence tearing the harness and damaging the buggy. Mr. Tierney's son hearing the racket went to see what was wrong. Instead of his father whom he expected to see he found a fellow so drunk as not to be able to talk.

The young man, as soon as he had things in shape to travel, started for town to find his father, bringing the stranger with him. They arrived here about 10 o'clock at night, much to the relief of Mr. Tierney who imagined his horse and buggy lost forever. Policeman Mullen was notified, and he escorted the visiting statesman to the lock-up where he had comfortable quarters until this morning. Burgess Walker interviewed his distinguished guest and received from him enough good round dollars to make whole the damage he had done, and then allowed him to depart which he lost no time in doing.

PICKINGS FROM PUCK.

There was the sound of a crashing window sash.

"Police! Help Thieves!" shouted an excited voice from the sixth floor of an apartment house.

"They don't do inything ov th' koind!" mumbled Officer Riley, turning over for another nap. "This ain't Chicago!"

"The stock market was rather feverish today."

"What's the matter? Undigested securities?"

"Ketch her 'givin' you anything! She'll tell yer dat a healthy man like you ought to go to work!"

"Well, little goil, we can't all be invalids."

Pupils Killed by Work.

A petition signed by several thousand residents of Philadelphia, including prominent clergymen and physicians, protesting against the hours of home study demanded of public school pupils, was presented at a recent meeting of the board of education. It was stated in one of them that four students in the Girls' High school have died this year from excessive studying at home after their regular duties were performed at the school.

Dr. Pierce's GOLDEN MEDICAL DISCOVERY Restores LOST FLESH AND STRENGTH

"I was a total wreck—could not sleep or eat," writes Mr. J. C. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

U. S. CANNOT INTERFERE

Can Take No Official Action on Atrocious Massacre at Kishineff.

JEWS VICTIMS OF RUSSIAN MOB

Story of Horrible Outrages on Men, Women and Children Not Overdrawn — Massacre Described by Woman Who Escaped.

Washington, May 16.—Intense indignation is expressed by officials here regarding the atrocious massacre of 1,000 Jews of Kisheneff by Russians. While without definite official advices, the state department has no reason to believe that even the most horrible stories that have come from Kisheneff have been overdrawn. Enough has been published to convince officials of the department that, in its blind rage, the Russian mob committed indescribable outrages, fiendishly tortured men, women and children, and killed without mercy many innocent people. That such an incident should occur in a so-called civilized country in the twentieth century is a subject of much bitter comment.

Unfortunately, the hands of Secretary Hay are tied in the matter. So far as is known, there were no American citizens among the ill-fated Kisheneff victims. Therefore, the United States can take no action in the matter. The note addressed to Roumania several months ago cannot be taken as a precedent. Roumania was bound by treaty with other Powers to use justice in her treatment of Jews resident within her territory, and for that reason Secretary Hay was entirely free to send a note condemning the persecution, especially as it reflected upon the interests of the United States.

But, as to Russia, no matter how far Slavonian brutality may go in the treatment of those of the Hebraic faith, the attitude of the state department must be that Russia is a sovereign Power, independent of all other Powers. The United States would havid have no more right to interfere in her domestic government than Russia would have to protest against negro lynchings in the South or woman-beatings by White Caps in Indiana.

THE KISHINEFF MASSACRES

Former Toledo, O., Woman, Who Escaped, Describes the Scene.

Toledo, May 16.—Toledo's ghetto was delighted upon reading that Mrs. Clara Anenberg and her 10 relatives, all in Kishineff, and formerly of Toledo, had escaped death during the Jewish massacre. In a letter mailed on April 16, Mrs. Anenberg described the horrors of those massacres, saying in part:

"Our escape was due to the fact that we were in the house of a Russian Gentile when the murders were being committed. Corpses lay unburied throughout the streets; Jewish girls were assaulted by Russians, who looted the city. One little girl was assaulted by 50 brutes; she died a few minutes afterward. In companies of 200 the Russians marched the streets, destroying houses and barns and killing all Jewish men, women, and children they found. When the massacre was well under way the governor and chief of police encouraged the robbers and murderers, crying to them in Russian, "hurry up and finish your work." Saloons and wine cellars were raided and the gutters flowed with liquor. Wealthy men were beggared in an instant. Vineyards and farms were laid waste. The entire financial loss was over $5 000 000."

Fell Into Boiling Oil.

Philadelphia, May 18. — Charles Asehl, of 1234 Mulberry street, fell into a vat of boiling oil at the Baldwin locomotive works and was so badly scalded that there is little hope of his recovery. He was escorting some friends through the works when the accident happened. Asehl fell head foremost into the vat. Workmen pulled the man out quickly and he was taken to the Hahnemann Hospital. Should he recover he would probably lose the sight of both eyes.

Mutilated Body Found in River.

Warsaw, Ind., May 18.—While fishing in the Tippecanoe river, Clyde Kyle and Frank Miller found the mutilated and partly naked body of a man. The trunk and the legs were in a wooden box. The head and arms were found in the water near the box. The box with the body was in shallow water near the shore north of Warsaw. No one thus far has been able to identify the body, which is fairly well preserved.

Army Officer Short $6,000.

San Juan, P. R., May 18.—The war department has ordered District Attorney Pettingill to prosecute Lieutenant Arthur Meyer, of the insular police, who formerly resided in Brooklyn, and who was at one time quartermaster of the 47th U. S. Volunteers, for an alleged shortage of $6,000 in the regimental accounts.

FREE TRADE VS. PROTECTION

British Colonial Secretary Discusses Question in a Speech.

London, May 16.—Addressing his constituents at Birmingham last night Colonial Secretary Chamberlain made a speech which seems to foreshadow the direct raising of the question of free trade versus protection at the next general election. Mr. Chamberlain said local questions were comparatively unimportant beside the great imperialist policy upon which the fate of the empire depended; namely, "whether we stand together one free nation against all the world or whether we shall fall into separate states selfishly seeking their own interests and losing the advantages that unity alone can give."

The colonial secretary proceeded strongly to urge the necessity, in order to preserve the great empire, that the trade of the colonies should be secured. Canada had offered exceptional advantages, he said, which Great Britain did not dare accept because of the narrow interpretation of the doctrine of free trade, the policy of dictation, and interference by foreign powers. Mr. Chamberlin said he was justified by the belief that Great Britain was so wedded to its fiscal system that it could not defend its colonies. This was a position not intended by the pioneers of free trade, who, if they were alive today, would agree to a treaty of preference and reciprocity with the empire's children.

The speaker said he believed that an entirely wrong interpretation had been placed upon the doctrine of free trade, but that the country ought not to be bound by this and it should not hesitate to resort to retaliation, if necessary, wherever the interests between the colonies and the home country were threatened.

CARNEGIE APOLOGIZES

Sorry He Wounded the Feelings of Canadians.

Sydney, N. S., May 16.—Mayor Richardson has received the following cablegram from Andrew Carnegie:

"To the Mayor, Sydney—I am very sorry that a few detached words should have given offense. The word 'mirage' was used in replying to the question as to whether Sydney's operations menaced the United States' lead in steel production. I had no reference in my remarks to your patriotic efforts to develop your resources, in which I wish you abundant success.

"My wish is to restore the union of North America and Great Britain instead of maintaining two separate divisions. We would then rule the world in peace. If you come to Skibo Castle I could convert you, sure.

"Meanwhile, pray accept my expressions of deep regret at anything offensive that may have arisen.

"CARNEGIE."

The mayor sent the following reply:

"Andrew Carnegie, Skibo Castle—Your explanation is satisfactory. Canada is a young nation, but is impressing the world. Sydney's future is bright beyond peradventure.

"A. W. RICHARDSON."

Several days ago Mayor Richardson said he asked councils to reject Mr. Carnegie's offer of $15,000 for a library, because Carnegie referred to Sydney's steel industry as a "mirage." Hence the cablegrams.

Americans Storm Manila Theatre.

Manila, May 16.—A party of Americans stormed the stage of the Libertad theatre and stopped a seditious play. The piece, which is historical, has a climax in which the heroine throws the American flag to the ground and raises the standard of the Katipunan secret society. When this scene was reached a score of Americans sprang on the stage, routed the actors and smashed the furniture. The audience fled. Colonel Tolentino, a former insurgent, who wrote the play, will probably be prosecuted.

Wilkesbarre, Pa., May 18.—Miss Nellie Mooney, of this city, has fallen heir to $11,000. Her father, James Mooney, whom she thought dead long ago, was found in New York, ill, and apparently destitute, and was taken to a public ward in the Bellevue hospital. He died shortly afterward, and through papers found upon the body the money was found. Miss Mooney is a clerk in a store here. She was visiting in Phoenixville when she received the news of the death of her father.

$60,000 For a Race Horse.

New York, May 18.—Hermis, the champion 3-year-old of 1902, has been sold by L. V. Bell to Edward R. Thomas, son of the late General Sam Thomas, the most recent newcomer on the turf. The price paid for Hermis is reported to be $60,000. The price paid for Hermis is possibly the largest ever realized for a horse in training in the United States.

DEGREE FOR ROOSEVELT

Made Doctor of Laws by University of California.

GREETED WITH HARVARD YELL

President Wore Hood and Gown of Doctor of Philosophy at Commencement Exercises—Eulogized California and Its People.

Berkeley, Cal., May 15.—The citizens of Berkeley united with the members of the faculty and students of the University of California in tendering a tremendous ovation to President Roosevelt and party. Long before the hour set for arrival of the special train the school children of the city, gaily festooned with flowers, assembled on either side of the street leading to the university entrance. The thoroughfare had been brilliantly decorated for the occasion, and when the presidential party passed up the street the avenue was carpeted with blossoms.

Carriages and a committee of representative citizens were in waiting at the Berkeley station, and the drive to the new amphitheatre at the university, where the commencement exercises were held, was taken up immediately on the arrival of the president. Mr. Roosevelt wore a hood and gown, in conformity with the degree of doctor of philosophy.

The program had been timed so that the presidential party arrived just before the conferring of degrees by Governor Pardee to the members of the graduating class.

After the cheers which greeted the appearance of the president had subsided, the student body greeted the head of the nation with the Harvard yell. He gave approval by nods and smiles. President Benjamin Ide Wheeler then conferred degrees upon the 400 collegians, who sat upon the stage with cap and gown. After this the president was introduced by President Wheeler, who simply said: "Theodore Roosevelt, president of the United States." Then, as the chief executive, attired in a black academic robe, trimmed with purple, stepped into the sunlight, President Wheeler said: 'Theodore Roosevelt, by authority of the regents of the University of California, I confer upon you the degree of doctor of laws. This is the highest honor the state knows how to confer on you. Its best it gives gladly.'"

President Roosevelt then addressed the assemblage, eulogizing the state, its people and the university, speaking in affectionate terms of his old-time friend, President Wheeler.

Run Gauntlet of Fire.

Greensburg, Pa., May 16.—Walled in by fire, with no avenue of escape left open, Harry Platt, of Hillside, was compelled to run the gauntlet of flames. He was so badly burned that his recovery is considered an impossibility. Platt is a member of the little army of men who are fighting the forest fires in the eastern end of the county along the Chestnut Ridge. The fires are still burning fiercely at Millwood, Bolivar and Seward. Many orchards in the Chestnut Ridge between Millwood and Bolivar have been laid waste, and there is not a rod of fence left standing anywhere. Until rain comes there is no hope of overcoming the flames, and the efforts of the fire wardens of the different townships in the eastern end of the county is being directed to saving the towns and villages.

KILLED BY THEIR PRISONERS

Captain Overton and Private Noyes Boloed at Sucatlan, Mindanao.

Manila, May 18.—Captain Claugh Overton, of the Fifteenth Cavalry, and Private Harry Noyes, who were killed May 15 at Cucatlan, Mindanao, met their death at the hands of insurgent prisoners whom they were guarding. Their companion in this duty, Private Hartlow, was wounded at the same time.

Captain Overton's troops of the Fifteenth had been scouting in the department of Misamis, Mindanao, on the trail of the insurgent leader Flores. The cavalrymen captured 50 of Flores' followers and confined them in a house at Sucatlan. Captain Overton and three men remained to guard the prisoners, while Lieutenant Cameron continued in pursuit of Flores. The prisoners suddenly broke out of the house where they were confined, secured their bolos and rushed the four Americans on guard. Captain Overton was slashed with a bolo and bled to death. After escaping the insurgents gathered and renewed the attack on the Americans. The cavalryman who was not wounded repulsed the enemy and defended his dead and wounded companions until the return of Lieutenant Cameron. Captain Overton is criticised for having kept only three men to guard 50, and for having neglected to destroy the insurgents' bolos.

Flores is a Visayan, and the majority of his followers are Paganos living in the Misamis mountains. No Moros were concerned in the affair.

CRACK MARKSMEN WANTED

American Rifle Team Going to England to Recapture Trophy.

Sea Girt, N. J., May 18. — Crack marksmen of the United States are assembling at the rifle range here. The object of the gathering is to select a team of riflemen to go to England to recapture the Centennial Palma trophy in competition with the riflemen of the world. The United States has not sent a rifle team abroad for a score or more of years. It is going to do so this summer, with the firm belief that its representatives will prove victorious.

Experts with the military rifle from all sections of the country will compete for places in the all-American team which will sail from New York on the Cunarder Lucania June 13 next. The Palma match is scheduled to occur on July 11. Each competitor for a place on the team will be required to shoot at 800, 900 and 1,000 yards, 45 shots at each range. The team will consist of 18 men, who will be selected Wednesday evening by a board appointed for that purpose by the secretary of war.

WOMEN HELD FOR MURDER

Gave Infant Left in Their Charge Bedbug Poison.

Lancaster, Pa., May 18.—Virginia Thomas and Belle Berry, young colored women, have been jailed on the charge of murdering Jesse M. Richardson, an infant, also colored. The baby had been placed in the charge of the Thomas woman by its parents. The accused women lived together. It is alleged that Belle Berry had frequently shown her ill will for the child. During the night they occupied the same room and in the morning the baby was found dead, evidently having been poisoned. When arraigned the Thomas woman declared that Belle Berry gave the child bedbug poison. A nearly empty bottle of this poison, containing corrosive sublimate and carbolic acid was found in the room.

Bishop Starkey Dead.

East Orange, N. J., May 18.—Bishop Thomas Alfred Starkey, of the Episcopal diocese of Newark, died at his home from old age. Though he was 84 years old, Bishop Starkey's faculties seemed to be as clear as when he first became an Episcopal minister on May 31, 1848. He was born in Philadelphia, and received a common school education. On leaving school he started business as a civil engineer in Pottsville, Pa. Soon he went to New York and studied for the ministry.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

EDITORIAL.

THE Republican is very proud of its local correspondents over the county. The number is on the increase and their letters are bright and newsy, every one of them.

OUR local correspondent at Hannah reports that the Republican Primaries in Taylor township were well attended. This speaks well for that Republican stronghold of the Bald Eagle Valley.

THE Brooklyn Eagle nominates Cleveland for President, saying he is the only Democrat who can beat Roosevelt. Without Cleveland as a candidate the Eagle says Roosevelt will have practically a walk over.

ELI TOWNSEND, of Philipsburg, whom the Republicans elected a delegate to the State Convention, is one of the most genial whole souled gentleman that Centre county politics has brought to the front in many a day. We predict that he will be heard from in the future.

BY reference to our interesting letter from Milesburg it will be seen that the Milesburg band is being reorganized and promises to take rank with the best in the state. This commendable enterprise should receive the hearty encouragement of the citizens of our neighboring burg as it cannot help but reflect credit on the town.

THE manly forms of the late Ex-Governor Hastings and the late William E. Gray were sadly missed in Tuesdays Republican convention. Several of the delegates remarked upon it. It seemed as if a Republican convention could not pass off successfully without the attendance of one or the other of these stalwart leaders whose presence always proved an inspiration to the Republican hosts.

WHERE THE SHOE PINCHES BROTHER MEEK.

Our esteemed contemporary the Democratic *Watchman* is very much concerned over the reported "getting together" of the different factions of the Republican party in Centre county, and well they may be, for it simply means in the words of a prominent Republican leader of the county that "Israel is coming into her inheritance." A united Republican party means a glorious Republican victory at every ensuing election in the future and that means that the offices in the Court *House* will be manned by Republicans hereafter.

The feeble, though vicious efforts of Brother Meek to stir up discord in our ranks, would be amusing if they were not so pathetic, for any school boy in our common schools can see where "the shoe pinches." The *Watchman* will not be able to lay back and draw a nice income from the county printing as they have done in the past, for under the new regime it will go to Republican papers, who can do this work just as satisfactory and cheaply, and to whom it rightfully belongs in a Republican county.

However, if it amuses the *Watchman* let them keep it up, as their ugly shafts will fall far short of the mark in the future. Harmony is to be the watchword all along the line from this on.

In the east, you can perceive a brilliant star slowly but surely rising above the horizon. It is the star of Republican success and it is in the ascendency in Centre county. Let the good work go on.

HARMONIOUS CONVENTION.

The Republicans of Centre County held their convention in the Court House on Tuesday afternoon. A spirit of harmony pervaded the atmosphere of the convention. There was not a sign of discontent nor a ripple of dissatisfaction. All was as serene as the twilight of a summer evening. This is a matter of great satisfaction to this journal and forebode much good for the Republican party, we think. It shows a unanimity of feeling, which to say the least, is commendable to a political organization.

The convention was one of the most harmonious in recent years. Colonel W. F. Reeder was re-elected county chairman to succeed himself while Messrs. Townsend and Harter were named as delegates to the state convention. John D. Decker was nominated for Jury Commissioner. Chief among the speech-makers, was Hon. John G. Love, who congratulated the delegates in the work they accomplished.

The convention lent its hearty approval to the course of the present chief Executive of the Nation and spoke in heartfelt praise of Mr. Roosevelt's administration. It not only reasserted its unbounded faith in his wisdom and sagacity, but declared irrevocably in favor of Mr. Roosevelt for a second term.

The United States Senators and Represenatives in Congress come in for their full quota of praise, while the state administration receives merited approval.

In fact, taking it all in all, the convention covered itself with glory and we are pleased to note that the advise given in this journal a week or more ago, in which it appealed for universal good feeling and fellowship, was well taken.

THE *Watchman* will be sadly lacking in amunition for its ink slings now that the Republican leaders in Centre county are dwelling together in peace and harmony.

A Surprise Party.

On Tuesday evening the many friends of the obliging post master, E. E. Heverly, of Mount Eagle met at his home and gave him a genuine surprise. There were about 30 persons present, and from the report that came to us they all had a very pleasant time. The evening was spent in games and social chat, and at about ten o'clock all were invited to the dining room to partake of an elegant repast, which had been prepared by the ladies. He received many beautiful and useful presents. Those presents were: Mrs. Edith Leathers, Mrs. Delia Lucas and son, Alta Heverly and Mable Strunk, all of Howard; Mrs. W. T. Leathers and two daughters, Gertrude and Rhue, James Smeltzer and wife, Martha Packer, Lizzie und Catherine Bathurst, of Mount Eagle. It was in honor of his 43rd birthday. At the usual hour all departed for their several homes wishing him many more such happy events.—Howard Hustler.

A Turtle Soup Banquet.

The dining room of the Haag House was the scene of an enjoyable gathering on last Saturday evening when quite a number of men prominent in our local affairs sat down to an appetizing layout. There were politicians, councilmen, boro officials and railroad men gathered around the festive board and they presented quite an imposing appearance. The principal dish in the bill of fare was turtle soup, but of course all the delicacies of the season were included as side lines in the menu. It was served up in the best style known to mine host Newcomer and reflected great credit on that gentleman's ability as a caterer.

No doubt there was a flow of oratory after the eatables were disposed of but unfortunately we did not learn who the speakers were or their subjects.

Those present were Messrs. Louis P. Lounsbury, Samuel D. Ryan, C. E. Robb, W. H. Hamilton, Edward Whittaker, J. A. Miller, Joseph Wise, T. J. Murphy, Patrick H. Garrity, James A. Bayard, Harry Winton and Guy Linn.

FOR THE HEYLMAN PRIZE.

Edward L. Gates and Chapman Underwood Divide $10 in Gold.

There was a large attendance of visitors at the Bellefonte High School Monday afternoon to listen to the oratorical contest for the Heylman Prize between members of the "C" class of that school.

The Prize which is awarded each year to this class is $10 in gold and is the gift of Harris Heylman. This is a very generous act on the part of Mr. Heylman and is worthy of emulation by our older and wealthier citizens. The donor is a young man, a member of the High School Alumni, and the giving of this prize is a graceful tribute to his alma mater.

Prof. John D. Meyer presided and several school directors lent importance to the occasion by their presence. The following program was rendered;

Music—"The Flower of Liberty." ..... School
"Against Flogging in the Navy"..... James Harshberger
"The Indian"..... Arthur Brown
"The Vulture of Civilization"..... Chapman Underwood
Music—"Where the Eagle is King" ..... School
"Lincoln: A Man Called of God"..... Edward L. Gates
"Supposed Speech of Regulus"..... William Kuhn
Music—"Music in the Air"..... School

The judges for the occasion were Mr. Zerby, a law student of this city, and Prof. Dorsey Hunter. They had a difficult task before them, that of deciding between the five contestants as to whom should get the prize. All the orations were well delivered and showed careful training and due preparation.

They finally decided to divide the prize, awarding $5.00 to Edward L. Gates, of Bellefonte, and $5.00 to Chapman Underwood, of Unionville. The decision seemed to give general satisfaction.

At the close of the exercises D. F. Fortney, Esq., made an excellent address, full of practical advice to the young students.

—There are 110 persons now confined in the Clearfield County Home.

MILES DEFENDS SOLDIERS

Says Privates Protested Against Cruelties in Philippines.

OFFICERS ARE RESPONSIBLE

Lieutenant General Declares Conditions In Archipelago Did Not Warrant Departure From Honorable Method of Conducting War.

New York, May 16.—The Army and Navy Journal prints a letter from General Nelson A. Miles, in which the writer says that he went to the Philippine Islands not as a tourist, but in an official character, and that the instructions addressed to him as lieutenant general, "commanding the army," came from the highest authority, viz.: the president, in which he was directed to give especial attention to the instruction, discipline and supplies of the army. In referring to his official report on the Philippines, General Miles says that "no one can have a more sacred regard for the honor of the army than myself."

Coming to the subject of cruelties in the Philippines, General Miles' letter reads as follows:

"It is idle to assume that campaigning in the Philippines has conditions that warrant resort to mediaeval cruelty and a departure from the honorable method of conducting warfare, and that such departures as have existed should be overlooked and condoned.

"It is most gratifying that the serious offenses have not been committed by the soldiers unless they were under the direct orders of certain officers who were responsible. Soldiers have withheld fire when ordered to shoot prisoners, protested against acts of cruelty and written to relatives at home urging them to take action to put a stop to those crimes. It will ever be one of the glories of the army that such deeds, committed by whatever authority, are abhorrent to the American soldier. The officers who are responsible, using chiefly cruel Maccabebes, do not by any means constitute the American army, and there must be a very unmistakable line drawn between the great body of honorable and faithful officers and brave soldiers whose records have been commendable, and those, of whatever station, whose acts have received and should receive the earnest condemnation of all honorable men."

Dinner to General Staff.

Washington, May 16. — Secretay Root gave a dinner at the Country Club last night in honor of the members of the new general staff of the army. Those invited included General Schofield, retired; Major General Young, Major General Henry C. Corbin and a large number of army officers now in the city. Lieutenant General Miles was not present.

IN LOVE WITH HIS JOB.

Reputed Heir to a Million Sticks to the Plumbing Trade.

York, Pa., May 18.—The prospect that he will inherit $1,000,000 and that he can now, if he desires, have an income of $15,000 a year, has not moved young George Walls to give up his apprenticeship at the plumber's trade.

After a search of two years Martin Walls, of Pittsburg, found his son working for J. A. Kunkle, a plumber, at Riverton, After the son had been forgiven for keeping his parent so long in ignorance as to his whereabouts he went with his father to Sunbury, where a family reunion was held. From Sunbury the elder Walls returned to Pittsburg and his son went to Riverton and resumed work under Kunkle at $11 a week.

Precisely That.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of this marvelous medicine.

A PLEASANT ENTERTAINMENT.

That Given by Class 18 of the M. E. Sunday School Thursday Night.

The lecture room of the Methodist Episcopal church was crowded Thursday evening by a large and appreciative audience, who gathered there to listen to an entertainment given by Class 18 of the M. E. Sunday school assisted by the members of the Epworth League. It was under the direction of Misses Olive Steele and Elizabeth Faxon and the great success which attended the event was due entirely to their untiring efforts.

The entertainment consisted of singing, instrumental music, recitations, pantominee, tableaux, dialogues etc., and was very interesting throughout.

The program opened with an instrumental duet by the Misses Berenice and Rachel Shuey which proved a pleasant introductory. A recitation entitled "Which Shall it be" was then rendered by Miss Hazel Cooke, a little lady of unusual elocutionary talent. A very comical exhibition which elicited much laughter then followed entitled "Old Mother Goose and Her Children." Henry Brown, whose deep bass voice affords pleasure whenever heard then sang a solo. A recitation followed entitled "A Letter to Papa" rendered in a most acceptable manner by little Anna Graham, a daughter of Mr. and Mrs. Benner Graham, whose cleverness drew forth continued applause. An instrumental solo by Miss Mary Grimm was next on the program. She is an accomplished musician and acquitted herself with great credit.

We now come to one of the most important features, the pantomine entitled "The Sleeping Beauty". The characters were taken as follows:

King,	Mr. Chas. Donachy,
Queen,	Miss Berenice Snuey
Prince,	Mr. John Wood Jr.
Sleeping Beauty,	Miss Florence Lowry
Good Fairies,	Miss Mildred Grimm
" "	Miss Helen Otto
" "	Miss Helen Smith
" "	Miss Mabel Ogden
" "	Miss Katurah Rider
Bad Fairy,	Miss Harriet Ray

"Death of Little Paul Dombey," from "Dombey and Son," was rendered in a pathetic manner by Miss Josie Williard, a talented elocutionist.

Strohm Lose, who has developed into a singer of considerable note of late, then favored the audience with a very pretty solo. An instrumental solo by Miss Mildred Grimm followed, after which the tableau "The Old Woman Who Lived in a Shoe" was given. Miss Grace Steele recited "Miss Anna Belle McCarty" and Bernice and Rachel Shuey rendered another instrumental duet.

The second pantomine of the evening was "Cinderella," the characters of which were taken as follows:

Cinderella,	Miss Laura Faxon
Proud Sisters,	Miss Mildred Grimm
	" Margaret Brachbill
Mother,	Miss Mary Grimm

Last but not least was the closing piece, a recitation by Miss Mary Hicklen, a daughter of Mr. and Mrs. C. K. Hicklen. Her subject was "Tommy" and her rendition of it could hardly have been improved upon.

Refreshments and a social good time followed, which proved a pleasant way of closing a most delightful entertainment.

From a financial point of view the affair was also a great success, the receipts being $51.90.

Evolution of the Shirt Waist.

"The shirtwaist is a striking example of evolution," observed the scientific woman. "It is not quite so wonderful as the evolution of men from monkeys, but still the evolution of the filmy and lace garment that we wear today from the hard-fronted, stiff-necked, board-cuffed shirtwaist of a few years ago is remarkable and something which we scarcely would have dared at one time to hope for. Why it should have been necessary to go through the disagreeable stage I can't imagine, but it seems to be the way with all human progress."

Woman Cut in Twain.

A horrible accident occurred at Trout Run, Lycoming county, on the Northern Central railway Wednesday night, the victim being Mrs. Mary Miller, of that place. It is thought the woman attempted to crawl under a freight train that had stopped to take water, when the train started and killed her, cutting her body completely in twain. She leaves a husband and several children.

600,000 PERISHED

Herbert Walsh Claims They Died Under Our Flag in Philippines.

LETTERS TO ARMY OFFICIALS

Asks Them to Publish General Miles' Report In Full, and That Report of Whipping Filipino Prisoners of War be Included.

Washington, May 14. — Secretary Root and a number of other officials in the war department have received a circular letter from Herbert Walsh, of Philadelphia, which also has been mailed to a number of private individuals, in reference to the report of Lieutenant General Miles. The letter asks them to publish for the information and guidance of the country the full report of General Miles regarding affairs in the Philippine Islands. He suggests that they "especially request that the report of Major Hunter into the facts of the whippings of Filipino prisoners of war for the purpose of extracting information from them" be included in the publication. He says he has not seen General Miles' report, "having in vain tried to secure a copy of it from the war department," but believes that it contains facts that enlightened citizens should have. Mr. Walsh says that 600,000 souls have perished in those islands from war, famine and pestilence under our flag. In the letter he refers to the military record of General Miles in the civil war and in several Indian campaigns, and says that with a few thousand letters sent to men he names, the object will be secured. He suggests that persons interest their senators and representatives in the matter.

Secretary Root referred the circular letter he received to Judge Advocate General Davis.

The war department has made public the letter of Adjutant General Corbin to General Miles answering one sent to the secretary of war Wednesday regarding the publication of General Miles' report. The adjutant general says to whom the report was given and encloses copies of the reports which were furnished the press.

In General Miles' report on the alleged cruelties was also a criticism of the rice transactions in the concentrado camps in Batanzas province. General Miles refers to a report he has received from the commanding general in the Philippines, his report saying "copy herewith included." This copy was not forwarded with the report of General Miles, and it has been charged that it was suppressed. The war department has made the copy referred to public. It is a report of General Davis addressed to General Miles, and contains all the correspondence, telegrams and all documents that refer to the purchase, distribution and sale of rice to the people in the concentrado camps. It is a very voluminous document, but the main features were covered in summaries which have been published heretofore.

CHANGE IN FRIAR SITUATION

Their Departure Would Leave 6,000,000 Filipinos Without Pastors.

Rome, May 18.—There has been a change in the Philippine islands in the friar situation, as there is now a movement in the archipelago in favor of the members of the Spanish brotherhoods. The national pride of the Spanish friars brought them to the decision voluntarily to leave the island; they felt themselves, since the archipelago has been administered by the United States, to be in a position of inferiority. The Vatican has just received several petitions from the Filipinos asking it to prevent the departure of the friars. The apostolic delegate in the Philippines, Monsignor Guidi, clearly demonstrated in his report how matters stand. He said that on one side there was the schism provoked by "Bishop" Aglipay, which is supported by only 14 priests without reputation, but which is spreading, especially in the country districts. This movement is helped by the dominant political party trying to persuade the population to rebellion against Rome, and saying that the expulsion of the friars is indispensable to independence. On the other side, the departure of the friars, who now number about 400 men, would mean the leaving of 6,000,000 Catholic Filipinos without religious ministration, there being no other clergy acquainted with the languages or habits of the natives. The Filipino priests, who number 650, are inadequate to serve the parishes and missions, which reach a total of 965. Monsignor Guidi, therefore, concludes his report in favor of the friars remaining until others have been substituted for them.

Negotiations between Monsignor Guidi and Governor Taft for the purchase of the friar lands in the islands were begun, but they had to be suspended because of the enormous difference in the estimates of the values of the lands given by the official experts and the friars. It was found impossible to agree in this respect without first establishing the true value of the land.

English Sparrows and Bluebirds.

From Forest and Stream,

Who was the inspired idiot who proclaimed that if you take the piazza off your bird-house the English sparrows forthwith will cease their troubling of the bluebird inmates? If you know him present to him my compliments; for, to quote a friend, "I am ever polite," and tell him that it may be all right in his latitude, but in the neighborhood of Boston, where the sparrows as they choose can make small gargoyles of themselves along the public library eaves or take a (amp) post graduate course at Harvard University, they are altogether too well educated. Theoretically I thought so, for I found them nesting in a knothole in an apple tree not two inches wide, and on the under side of a sawn off limb. Practically I know it, having believed too easily others knew best and removed the piazza in consequence.

I set up a model tenement house in my garden; lofty within, with a half-chamber above, and two rooms back to back. In a day, two bluebird families entered into possession. In a week, a pair of sparrows began to interfere with the family on the most desirable, sunny side. So I took my saw to the piazzas and abolished them. I forgot to add, the house has a gable roof with an attic open to the breezes from end to end, and thus in summer will be especially cool.

Did the sparrows go? Not they? On the contrary, the bluebirds had to on that side. Twice I rose in my wrath and my pajamas after dark and ripped out the sparrows nest bodily. Back they came, with the persistency well known as one of the attributes of devils, and built again. So, as my polite hints were thus ignored, and guns are tabooed, I set a flipflap wire mousetrap in the room after once more clearing out the straw; and next morning found it at the bottom of the pole with a very mad sparrow in it fast by the neck. "So much for Buckingham!" And the other imp has never come back after the first whirl of indignation. Once or twice I have caught the bluebirds clinging to the lower sill and looking in, as though they realized that some great tragedy had happened there; but not once have I seen them enter on that side, as yet. Still I am hoping. Meanwhile, I can commend that mousetrap for neatness and dispatch. I don't know it's name; but as it is a patented article your hardware man can find it doubtless. It has a flat bedplate, a wire loop bent backward and caught down, and a food-plate. Its value lies in its small size and flatness. It could be slipped in most anywhere that it is wanted.

Harrisburg Contracts for Electric Lighting.

The Harrisburg Light, Heat and Power company on Monday night was awarded the contract for lighting the city for a period of five years at its bid of $47 per 2,000 candle power arc light per year.

The Paxtang Electric company bid $49.50 a year for a five year contract and the United Electric company, a Cumberland county concern without a Harrisburg franchise, $64 per year for five years.

The Harrisburg Light, Heat and Power company has had the contract for the past five years at $82 per 2,000 candle power arc light per year. The difference between the old contract and the present contract per light per year is $35. The saving to the city for a year by the new contract will amount to nearly half a mill on the assessed valuation. The actual saving will be $14,630 per year or $73,150 for the five years during which the contract will be in force.

In addition, the Harrisburg Light, Heat and Power company agrees to furnish, at no cost to the city, current for the operation of the police and fire alarm systems of the city.

Sheep Clipping Thief

One year ago the farmers of Nittany valley were annoyed by some persons entering their farm yards at night and clipping and carrying away the fleeces of some of their best wool producing sheep and last week the miscreants renewed their peculiar kind of theft by entering H. M. Heard's farm yard and clipping and carry away the fleeces of seven of his flock. The work of clipping was very hurriedly and bunglingly done and by comparsion of the work done by local sheep shearers the farmers are about united in their opinion as to who the culprits are.—Clinton Democrat.

THE IMPORTANCE OF THE STOMACH.

Upon Its Condition Depends Happiness or Misery.

Perhaps one of the most frequent complaints of the stomach is constipation of the bowels, or continuous costiveness.

When your food rests so solidly on your stomach that nature refuses to remove it, and usually resort to some common physic which, while affording you some relief, acts so suddenly on the parts affected as to shock and weaken them.

THE BOWELS, like a balky horse, to work properly must be coaxed, and gradually urged to perform their functions.

The soothing action of that great Kidney and Liver medicine, DR. DAVID KENNEDY'S FAVORITE REMEDY, is gentle and delicate, yet its relief is immediate and effective.

It is of importance to every individual to use a proper remedy for CONSTIPATION OF THE BOWELS. The thousands of grateful testimonials, from both sexes, who have been completely cured by Dr. David Kennedy's Favorite Remedy, is the best evidence of the POWER AND MERIT of this wonderful medicine.

IT'S IMPOSSIBLE

To disprove facts. It is decidedly easy to verify Bellefonte opinion.

Nothing by way of introduction could be added to the experience and opinions given below, which could increase their value. Bellefonte people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Walter Whippo of Water street leading horse shoer of Bellefonte says: "I have a good word to say for Doan's Kidney Pills I was miserable with backache and lameness across my loins. I knew it was from my kidneys for I had suffered from it prior to that. Sometimes I could hardly straighten after bending forward which greatly interfered with my work. I learned about Doan's Kidney Pills procured them at F. Potts Green's drug store and began using them. KODOL Digests What You Eat

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Baltimore, May 18.—Three thousand people attended an enthusiastic meeting in the Academy of Music in behalf of the victims of the anti-Jewish outrages in Russia. It was participated in by many leading citizens of the state and city and several thousand dollars were subscribed. The meeting was presided over by Dr. Fabian Franklin, editor of the Baltimore Evening News, and among the speakers were ex-Governor William Pinkney Whyte, ex-Congressman John V. L. Findlay, Mayor Hayes, Roger W. Cull, Leon Greenbaum and others. All expressed their horror over the massacre at Kischeneff and the conviction that the United States should use its good offices to bring about a suppression of such atrocities in the future.

Dr. Daniel C. Gilman, president of Carnegie Institute, declared that similar meetings should be held in all parts of the United States, to the end that the public opinion of this country should compel Russia to adopt a humane policy.

Among the letters was the following from Cardinal Gibbons:

"Dr. Harry Friedenwald, Chairman: My Dear Sir—I regret that my enforced absence from the city will prevent my presence at the meeting you have called to give voice to your horror at the events that have recently taken place at Kischeneff. I have no hesitation, however, to express my deep abhorrence at the massacres that have carried to their graves gray hair and innocent childhood. Our sense of justice revolts at the thought of persecution for religion's sake; but when persecution is attended with murder and pillage the brain reels and the heart sickens, and righteous indignation is aroused at the enormity of such a crime. What a blot upon our civilization is this slaughter of inoffensive men, women and children! Please convey to the meeting my grief for the dead; my sympathy for those made helpless by the murder of their natural protectors, and my sincere hope that this 20th century will see the end of all such occurrences, and that peace, good will and brotherly love may prevail on earth. Faithfully yours,

"JAMES CARD GIBBONS."

A series of resolutions was adopted, calling upon the United States to "bring about a cessation of these inhumanities," and upon members of congress to protest "against the outrages to which the Jews of Russia are subjected."

BIG MEETING IN PHILADELPHIA

Over $7,000 Raised For Survivors of Kischeneff Massacre.

Philadelphia, May 18.—Three great meetings of Jews were held in this city, and hearts and hands went forth from them to succor those of the race still living in terror on the broad trail of blood that marks a red blot on the empire of the Czar. Each hour adds a new horror and a new danger to the revolting situation in the region of Kischeneff, Russia, where the massacre of the Jews occurred. Over $7,000 has been raised for the benefit of the survivors.

Authentic advices received in this city show that the country for miles around the river Nieper is peopled by a helpless, haunted, hunted army of half-starved, almost crazed and panic-stricken Jews seeking safety in flight. They know not where they are going; they care not. They are dying by the score on the roadside. It is not death they fear, it is torture that they would escape.

A woman with a nursing baby at her breast saw an iron bar, a sort of pike, driven like a nail through her husband's head by the Christians. The police laughed at the spectacle. The woman laughed with them. She was mad; made a maniac in a minute. This story and scores like it, some worse, some not so bad, get circulation by private correspondence only. Every line written for the few newspapers in Russia, every telegram, all cablegrams and circulars are censored by agents of the Czar, and thus everything except the bare, vital facts is kept from the outside world.

Forbidden to Defend Themselves.

St. Petersburg, May 18.—Lieutenant General Von Reaben, governor of Bessarabia (the capital of which is Kishineff), has been summoned to St. Petersburg. A ministerial circular forbidding the Jews to defend themselves has been issued. It is expected that this step will stimulate Jewish emigration to America. Three thousand suits for damages have been instituted against the state at Kishineff. They demand damages to the amount of $1,800,000.

—The forty hour devotion service in St John's Catholic church came to a close Tuesday evening. It has been very successful throughout. The priests who assisted Father McArdle in these services were Rev. J. N. Codori and Rev. L. Maucher, of Lock Haven; Rev. J. Looney of Renovo; Rev. James Saas, of Bitumen; Rev. Victor Zarek, of Clarence; and Rev. F. Cochran, of Snow Shoe.

—George W. Bowes aged 72 years, one of the oldest and most highly respected citizens of Eagleville, died Sunday night in the Lock Haven Hospital, the result of a stroke of paralysis which he suffered about four weeks ago. The funeral took place Tuesday afternoon at 2:30 o'clock from the residence of his daughter Mrs. DeLong of Eagleville. Interment in the cemetery at that place.

—Tuesday afternoon about 5:30 o'clock a spark from the Snow Shoe engine set fire to the roof of the old Nail Works store building. It looked for awhile as if a serious conflagration would ensue, but men from the Central Eogine house and others succeeded in gaining an entrance to the building and proceeded to the roof where they soon put the fire out. No serious damage resulted.

—Miss Laura May Litzinger, of St. Augustine, Cambria county, went to the home of her uncle, Abraham Tigert, near Punxsutawney, Tuesday, her grandmother having died there on the morning of that day. In the evening she went to her room and did not return, when a search was made, and it was found that she had dropped dead after going upstairs. Her death under the circumstances is inexplicable, as she was not known to be suffering from any disease.

—Did you violate an ordinance today by doing some little thing or big thing that gives the town a careless, untidy appearance; or did you do something that improved the appearance of the spot where you operated? If you did anything, and did the right thing, then you ought to be thankful for the proper prompting, but if you did the wrong thing then don't you think you ought to be disciplined? Now be honest and own up.

—There are no failures in life. From the points of view of the world, it is true, some of the greatest successes are counted failures. And, from the point of view of Heaven, some of the greatest failures are called successes. But strictly speaking, from the point of view of cause and effect, in a world which has eternal justice at the heart of it, there are no failures. We reap as living souls the measure of our sowing. We get what we ask. We are the spiritual offspring of our dream.

—Opinions often differ as to the digestive qualities of bananas, especially for children. The banana is highly nutritious, and satisfies the craving for starchy foods which most children feel. The trouble is that the fruit is usually eaten without being chewed, and the stomach has hard work to digest the solid lumps. A good way to serve bananas at the nursery table is to cut them in small cubes, thereby preserving the taste, which seems to be lost when they are sliced thinly. Break up fresh lady fingers with them and serve with plenty of sweet cream.

—J. W. Boulton and George Cowfer on Sunday, April, 10, flushed on Trout run near West Moshannon, and had some luck. Captain Harry simler, arrested the violators of the Sunday law and safely landed them at Philipsburg Monday where 'Squire Stratford administered justice to them in the form of fine and costs to the amount of $30.60 each. Everybody may as well make up their minds now not to violate the fish or game laws of this state if they do not want to be punished. Real sportsmen are just as dead set on catching law breakers and having them punished as they are earnest and anxious for good returns when they go fishing or hunting themselves in season. Then you know the arresting officer shares liberally in the disposition of the fine money, and that provides a winning incentive for catching the fellow who hews past the line.

—Dr. O. H. Shaffer of Altoona recently performed successfully a very delicate operation on a young Italian at the Altoona hospital. The young man was struck in the abdomen by a stone that fell off the bucket of one of the big steam shovels and several large holes were torn in the intestines. He was taken to the hospital and Dr. Shaffer assisted by Dr. Lockett, late resident physician, laid open the abdomen and reunited the lacerated intestines by stitches. The patient's condition was very critical and for several days his life hung in the balance. Now his condition is much improved and the hospital authorities look for his complete recovery. Comparatively few cases of torn intestines recover. Only two or three of them have been treated at the Altoona Hospital since its organization, the last being several years ago. The operation requires great skill, hence it is said not many surgeons attempt it.

BOODLER'S CONFESSION

Fred. Busche Involves Prominent Men in St. Louis Case.

HE TOLD ALL TO EASE HIS MIND

All Sorts of Money Was Used to Influence Legislation Four Years Ago, and Culprits Cannot Be Prosecuted, Owing to Statute of Limitations.

St. Louis, May 16.—Unable to bear the strain of mental torture which he says he has suffered since the grand jury investigation into legislative boodling was instituted, former State Senator Fred L. Busche went before Circuit Attorney Folk and made a complete and far-reaching confession of his connection with corrupt deals extending over a period of eight years. Busche's declarations involve several men of prominence, and he names those who have been conspicuous at the state capital as distributors of boodle.

"I had to do these things," said Busche, in reciting his story to the circuit attorney. "There were circumstances that made a fellow take money or else get the worst of it."

Busche then told of his connection with legislation four years ago. He prefaced his remarks by saying that all sorts of money was used at that time to influence legislation.

"Money," he said, "was offered on pretty nearly everything of importance. The steam and street railway interests were always very active, and their representatives paid us."

Busche named several senators who profited handsomely from legislation at the 1899 session, and included one or two who are members of the present assembly.

He broke down twice while confessing to Mr. Folk, and, weeping bitterly, said:

"I am telling these things only to ease my mind."

Going back to the 38th assembly, when the bill to create a school book commission was one of the principal issues before the legislature, Busche said that the school book trust put up a big fund. "I got $1,000," he said, "and others got just as much, and some maybe more."

"On one occasion," he said, "there was a resolution presented to have all bills held in committee. I got $250 for holding up that resolution. Killing bills by smothering them in committee was very common."

Because of the statute of limitations, which prevents prosecution three years after the crime is committed, none of the men against whom Busche has testified can be indicted.

Later Busche was taken before the grand jury, where he remained an hour. When he walked from the grand jury room tears were streaming down his cheeks. With his face buried in his handkerchief he hurried away.

THREE BURNED TO DEATH

Man and Two Women Perish In Blaze at Waynesville, N. C.

Asheville, N. C., May 16.—In a fire of mysterious origin which broke out in a large house at Waynesville, N. C., owned by State Attorney General Gilmer, and occupied by C. J. Galbeath, who runs a boarding house, F. W. Payne, a telegraph operator, and a negro woman and her daughter, servants of the house, were burned to death. Sone of passing the house at midnight discovered the fire and gave the alarm. Galbeath and four others were aroused and struggled through suffocating smoke to a place of safety. Efforts were made to save the three people still in the blazing building, but the heat drove the rescuers back and the attempt had to be abandoned. It is believed that the three victims of the fire were overcome by smoke. It was several hours before their partially consumed bodies were recovered.

Skeleton of Prehistoric Man?

Bonesteel, S. D., May 16.—Laborers digging an artesian well here have unearthed a human skeleton 50 feet beneath the surface. The skeleton was in an excellent state of preservation, and is believed by scientists to be that of a prehistoric man. The Bad Lands of South Dakota, in which Bonesteel is located, have been prolific in fossils.

EXCITING RUNAWAY.

Potter—Hoy Hardware Company's Team in Smash-up.

The Potter-Hoy Hardware Company manages at all times to keep up with the procession, and are always on the alert to take advantage of every opportunity to keep their business prominently before the public, and resort to many original ways of informing the people that they are still in business.

Their employees are also imbued with the same spirit, and lose no opportunity of advertising the firm. A short time ago the following formed a quartette calling themselves the Potter-Hoy Nightingale Combination, Henry Thomas, Frank Newbaker, Mike Hazel and Frank Curtin. The other clerks were envious because they were not recognized. William Stewart felt particularly aggrieved as he considered himself a bird of song, and in fact, there is no question as to his musical qualities, his voice being a cross between the calliope and horse-fiddle. He determined however, to have his inning, and patiently waited an opportunity. Friday afternoon when business was at its dullest, and John Woomer, Orie Kline and Will Howley were hunting dark places to keep away from the flies, the shipping clerks sleeping peacefully on nice piles of soft excelsior, the book-keepers, stenographers and even the proprietors themselves were resting easily in their comfortable chairs waiting for business to liven up, Williams decided his time had arrived, he was just dying for excitement, and to distinguish himself, so taking the bridle off the horse he drives in the delivery wagon, proceeded to have a circus all by himself, which he knew would soon draw a crowd to the store, he had his horse so well trained, it would do whatever he told it, everything went smoothly, until he whispered something into its ear which was misunderstood, for immediately the horse made a break, turned suddenly in the road, striking a post with the hind wheel of the wagon, and as it would not let loose, parted company with the vehicle, and taking the seat, which was fastened to the lines started down High Street at a "John Gilpin" pace.

He raised all the excitement one would wish, but it did not last long, for in about three jumps the horse had turned into Thomas street, and at the rate he was going, is probably some where west of Denver by this time, unless he has stopped for refreshments. William succeeded in what he was after, he was lionized at once, and as he went into the store was followed by a mob of customers that kept the entire force of salesmen busy, until closing time. William having scored his point is in high favor with the firm, and the rest of the push are green with envy.

A REVELATION.

Further Particulars of the Swengle Wedding.

In Friday issue we gave a brief account of the wedding of W. W. Swengle, formerly of this place, and Miss Nellie Stiver, of Mill Hall. From the Lock Haven *Democrat* we glean the following further particulars.

One of the most pleasing events of the season took place Thursday evening at the residence of Mr. and Mrs. James Stiver, West Water street, when their daughter, Nellie Gertrude, became the wife of W. W. Swengle, of Johnstown. Promptly at 8,30, to the melodious strains of Mendelssohn's wedding march played by Mrs. D. N. Miller, the bridal party entered the parlor, where they were joined in holy wedlock by the Rev. D. N. Miller. They were attended by Horace and Ruth, brother and sister of the bride. The bride wore a handsome dress of mousseline and carried a bouquet of roses. The bridesmaid was dressed in pink satin and carried a bouquet of pink carnations. The bride is one of our most popular young ladies and has among the people of this vicinity a host of friend's.

After the ceremony the happy couple received the congratulations of those present, after which refreshments were served. The couple left on the midnight train for Philadelphia and the east, after a tour of which they will take up their residence in Johnstown. The wedding was a very quiet one, no guests save the immediate members of the family, except Miss Ruth Vallersham, of Millersburg, Mr. and Mrs. T. N. Custard and Mrs. Alex Flanigan being present. Thus another couple have launched their bark on the matrimonial sea. May their voyage be under sunny skies, on smooth waters and may their shadow never grow less.

THE WASTES OF THE BODY.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functons, the strength lets down, health gives way, and disease sets up, Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Parrish's Drug Store.

When you overwork any muscle or set of muscles they tire and must have rest. What is true of muscle is doubly true of the brain, as from it emanates all power to work, to act, to think. The brain is full of little cells that during the waking hours are very quiet in their efforts to furnish to every organ the power to do its duty. Rob these little cells of their rest at night—keep them at work all the time, and soon they tire, refuse to act, fail to generate nerve force and the system goes to ruin. Bromides, sedatives, opiates only hasten the end—they do not build up, they tear down. The true remedy, the only cure, lies in Dr. A. W. Chase's Nerve Pills, a medicine that revitalizes, reinvigorates, and by properly nourishing these overworked little cells, give them rest and quiet and enable one to sleep naturally and easily again.

Mrs. E. H. Masters of No. 130 West Walnut St., Titusville, Pa., says: I was sick all last summer—run way down, weak nervous, twitching and jumping at night—rest broken—memory poor and generaly miserable. Dr. A. W. Chase's Nerve Pills were bought for me and they are a grand tonic. They pulled me up—gave me strength and rest and enabled me to sleep peacefully. As a whole the result was splenddid and I am glad to recommend the medicine as a grand tonic to the brain, nerves and system generally."

MILTON PA.

Drusilla Miller of 608 Lincoln St, Milton, Pa, says: "During the past two years I have suffered a great deal from nervousness, sleeplessness and general debility. I got some of Dr. A. W. Chase's Nerve Pills and tried them. They were just what I needed. I sleep finely again—the nerves are steady and the neuralgic rheumatism that had troubled me all gone. They invigorated and built me up in every way and proved to be all they are recommended to be." For further information call at Krumrine's Drug Store.

BASE BALL SATURDAY.

Academy Defeats State College Town Team Score 17 to 8.

The Bellefonte Academy base ball nine won an interesting game from the College town team on Saturday by the score of 17-8. McLafferty and McCandless filled the points for the Academy to perfection. Otto and Vandevanter did good work at third and first. Louder, Keichline and McIntosh made clever throws from the field to the home plate. Ferguson and Thomas were very successful in scoring runs while all the boys batted well.

Candy, Gilliland, Glenn and Hartswick put up the best game for the visitors, the former's work in the out field being of a professional order. It is due to the Academy nine to say that they are unable to arrange games with Academies or High Schools of their own class, but are forced to play against such teams as State Varsity, State scrub or Lock Haven Normal or have no game at all. They leave for Lock Haven on Saturday to play the Normal nine which defeated the College scrub 8 2 on Saturday. Success to you boys.
